

SparkHacks 2024

Welcome!

Welcome!

- ★ SparkHacks is UIC's second iteration of a 24-hour hackathon
- ★ Coders get the opportunity to learn, collaborate with peers, and build a project that tackles our problem statements for a chance to win prizes!

CODE OF CONDUCT

- ★ All university rules apply to this event
- ★ Be respectful to all mentors, volunteers, sponsors and all attendees.
- ★ SparkHacks will not tolerate any harassing behavior (online and in-person)
- ★ Please respect the space: Clean up after yourself & if you see any trash pick it up!
- ★ Do NOT spam the discord

THEME FOR SPARKHACKS 2024!

REMINDERS FOR HACKERS

- ★ Join Discord - introduce yourself + ping us if you have questions
- ★ HackPack has ALL the information you need!

IMPORTANT RESOURCES

DISCORD

HACKPACK

SUSTAINABLE INNOVATION PROMPTS

Example 1: Sustainable Tech

Develop a tech solution that focuses on sustainable innovation and green practices. This may include creating smart farming tools that optimize resource usage, implementing solutions to address flooding or natural disasters or devising innovative ways to promote biodiversity within communities.

DISCOVER TECH PROMPTS

Example 1: FinTech Frontier

Explore the future of financial technology with a focus on innovation. Develop a tech solution that revolutionizes the financial landscape—whether it's creating decentralized finance (DeFi) platforms, enhancing mobile banking experiences for underserved communities, or implementing blockchain solutions to address financial transparency and security.

HEALTH PROMPTS

Example 1: Mindful Tech

Develop a tech solution that prioritizes mental health and well-being within communities. This may include platforms for mental health support, innovative approaches to educate people about mental health issues, or digital tools that facilitate open conversations about well-being.

Example 2: Inclusive Recreation

Design a solution that promotes inclusivity through recreational and leisure activities. This could involve creating accessible platforms for virtual or physical community events, enhancing spaces for people of all abilities to participate, or developing technologies that connect diverse communities.

EMPOWERMENT PROMPTS

Example 1: Supporting diverse voices

Design a tech solution that amplifies the voices of underserved groups within a community. This could involve creating platforms for sharing stories, tools that facilitate community-driven journalism, or initiatives that address digital divides in civic participation.

Example 2: Connection Elevation

Transform existing community spaces by implementing a tech solution that fosters harmony and collaboration. This could involve creating a digital platform that encourages collective decision-making, tools that facilitate resource-sharing among community members, or initiatives that leverage technology to bridge gaps and strengthen the bonds within diverse communities and individuals.

Example 3: Connection Elevation

Revitalize existing digital platforms by enhancing their features to better serve and address evolving issues. This could involve adding language translation capabilities for broader accessibility, implementing user-friendly interfaces for seniors or differently-abled individuals, or introducing gamified elements to encourage increased participation and inclusivity.

NO CODE PROMPTS

All TrackS Apply: No Code / Low Code

Who is here to help YOU??

A stylized illustration of Earth with teal and light blue continents and oceans. Three dashed white lines originate from different points on the Earth's surface and extend to the right, connecting to the 'MENTORS', 'SPONSORS', and 'ORGANIZERS' sections respectively. In the background, there is a grey moon-like sphere and several white stars of varying sizes on a dark blue space background with wavy patterns.

MENTORS

Despite being red, Mars is a cold place

SPONSORS

Mercury is the closest planet to the Sun

ORGANIZERS

Jupiter is the biggest planet in the Solar System.

JUDGING CRITERIA + TEAM GUIDELINES

- 
- ★ this is such a cool presentation
 - ★ write stuff here super cool stuff
 - ★ i kinda want to watch a movie rn
but too much work to do
 - ★ jelena was here
