Director

SparkHacks 2025

What?

SparkHacks is a student led hackathon in it's 3rd year of life!

Why?

An opportunity to learn, grow, create, and compete!

An underwater scene with a dark blue background. In the center, the text "Under the C!" is written in large, white, sans-serif font. Surrounding the text are various colorful illustrations of marine life: a large blue whale on the right, a red and orange sea turtle at the top center, three jellyfish (green, orange, and purple) on the left, a school of five small orange fish on the right, and various coral and seaweed at the bottom. Bubbles are scattered throughout the scene.

Under the C!

Code of Conduct

1

All university rules apply to this event!

2

Be respectful to everyone around you!

3

No tolerance for any harassment!

4

Respect the space & clean up!

5

Collaborate towards a fair competition!

6

Do not spam in the Discord channels!

An underwater scene with a dark blue background. Several small, stylized blue fish are swimming in the upper left and right areas. Bubbles of various sizes are scattered throughout the water. In the bottom left corner, there is a pink and orange coral-like structure. In the bottom right corner, there is a red and orange coral-like structure. The text "Important Reminders" is centered in the middle of the image in a large, white, sans-serif font.

Important Reminders

Stay on Course, Avoid the Icebergs! 🧊

HackPack

Discord

The HackPack has **ALL** the information you will need!

The best ways to ask for help!

Ask specific questions instead of asking for direct answers 🧑

Break down you problems into smaller parts 🎯

Look up online for resources to debug code and troubleshoot issues 🔧

How can you get assisted?

In-Person Support

Mentors are walking around the work rooms so ask for help!

Mentor room: ARC 136

Help Forum

Ask questions in the **ask-a-mentor**  forum on Discord!

The background is a deep blue gradient with diagonal lines. In the top left, a white wave with green highlights is breaking. Scattered throughout are white circles of varying sizes representing bubbles. In the bottom left, five small orange fish with white outlines are swimming. In the bottom right, a large red octopus with white outlines and a white ring around its eye is visible.

Let's meet our

SparkHacks 2025 Tracks!

Track 1

○ Sustainable Innovation/ Environment

JOHN DEERE

Track 1: Sustainable Innovation/ Environment

Propose a technological solution aimed at sustainable AI innovation and environmentally friendly practices 🌿

This may involve devising innovative approaches to assist farmers in meeting the rising demand for food caused by the projected increase in population, creating intelligent farming tools that enhance resource efficiency, addressing natural disasters, or formulating creative methods to enhance biodiversity within local communities 🌳

The background is a deep blue gradient with subtle diagonal lines. It is decorated with various marine life illustrations: a large orange jellyfish with long tentacles in the upper left, a smaller blue jellyfish in the upper right, and various coral and sea anemone-like structures in shades of pink, orange, and blue along the bottom. Small white circles representing bubbles are scattered throughout the scene.

Track 2

Make It Make

Sense

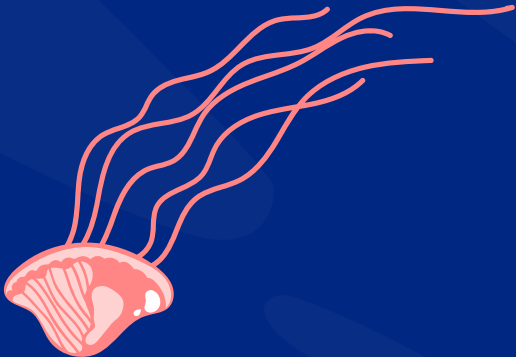

fulcrum GT™

Track 2: Make It Make Sense

The most popular apps aren't always the best. We've all been there—using an app, getting frustrated, and thinking: “Why on earth doesn't it just let me...?” 🤔

This is your chance to fix what drives you crazy. In this challenge, you'll take an existing app or website and transform it into something better ✨

Make it smoother, faster, more intuitive—whatever it takes to turn frustration into delight 🚀

Track 3

Small Biz, Big Impact

Track 3: Small Biz, Big Impact

Small businesses are the heart of any community, but they face big challenges 🥺

This track is about building creative, impactful solutions that make operations smoother, boost visibility, and foster collaboration 🤝

How can you help small businesses thrive? The possibilities are endless—bring your best ideas to life! 🧑

The background is a deep blue gradient with diagonal lines. It features several stylized illustrations: a large orange jellyfish with long tentacles in the upper left, a smaller blue jellyfish in the upper right, and various coral and sea anemone-like structures in shades of orange, pink, and blue along the bottom. Small white circles representing bubbles are scattered throughout the scene.

Track 4

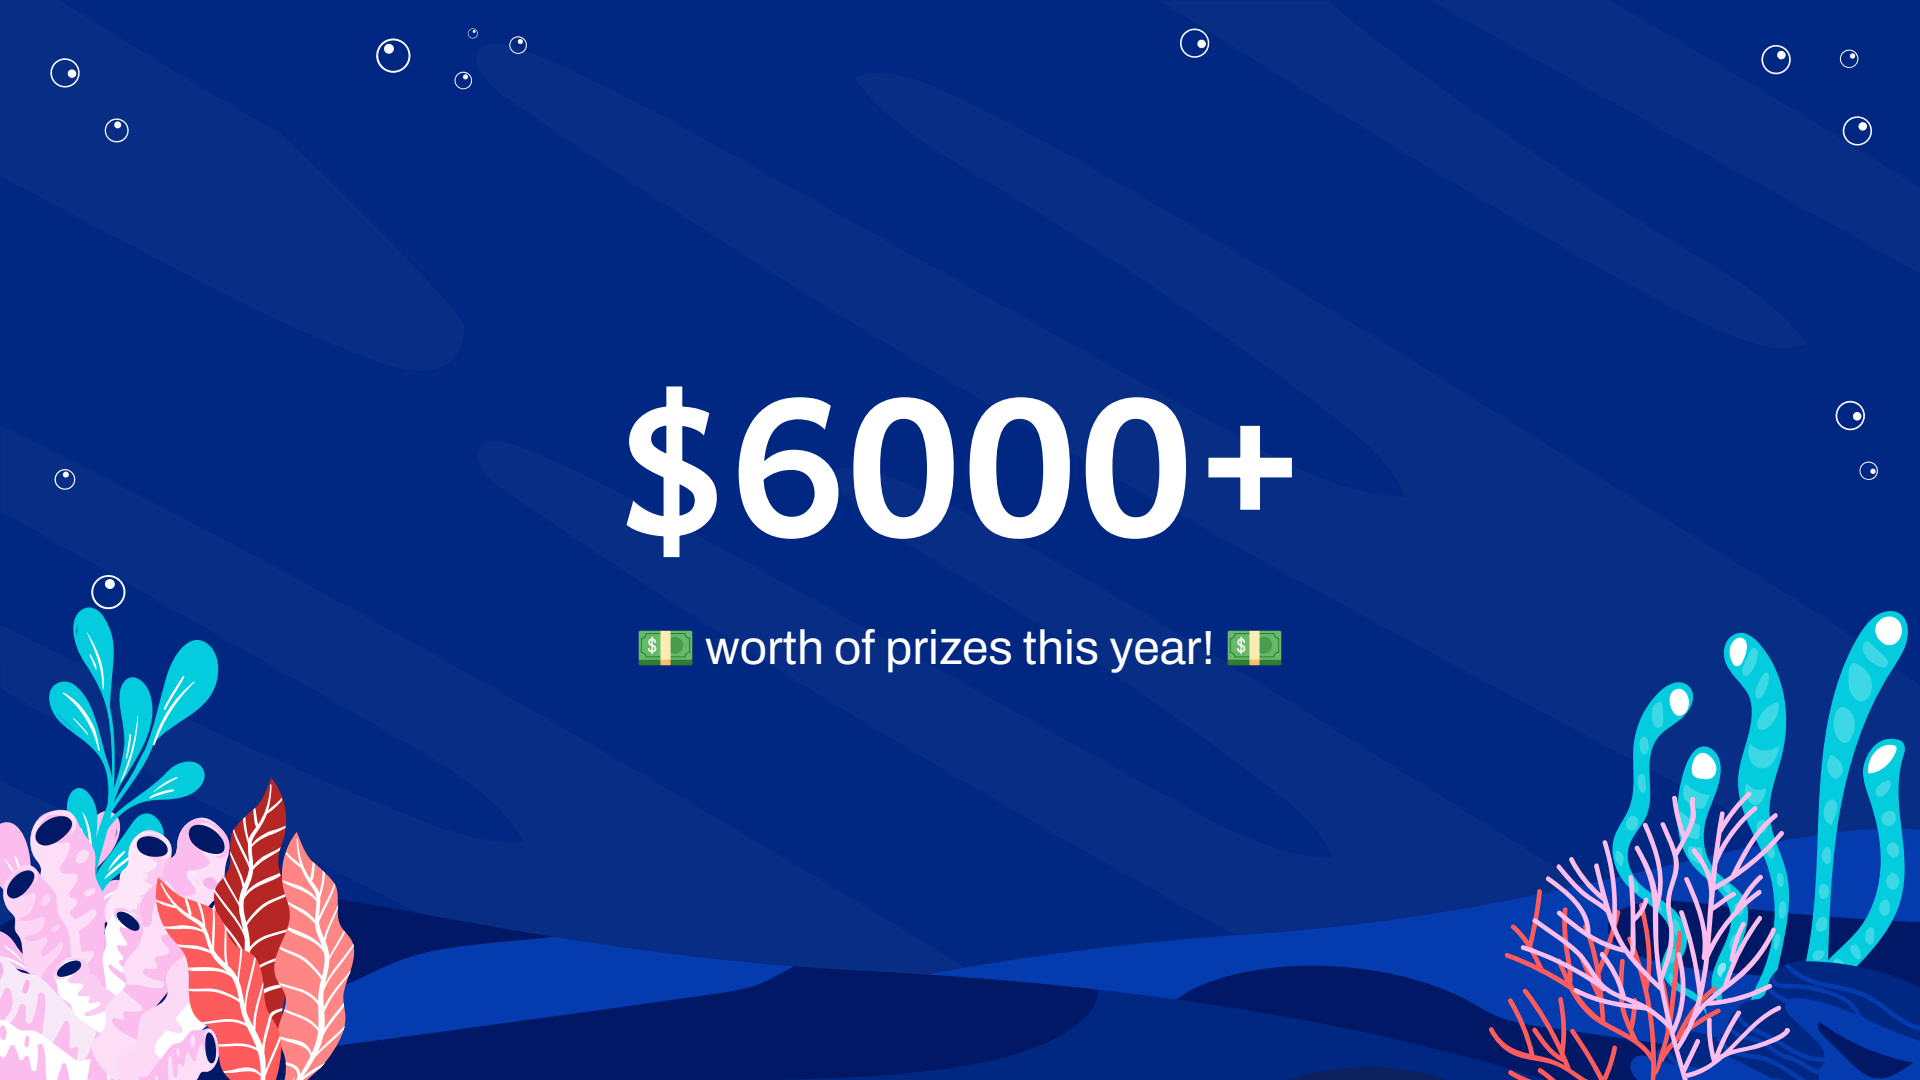

Seas the Design (No-Code)

Track 4: Seas the Design

Not all great solutions require code! This track challenges you to craft stunning, thoughtful designs using Figma, all centered around ocean conservation and sustainability 🦀

Whether it's a concept for an app, a platform, or an awareness campaign, your design should capture the beauty and urgency of protecting our oceans—all without writing a single line of code 🎨

How will you make waves with your creativity? 🌊

The background is a deep blue gradient with diagonal lines. In the bottom left corner, there is a cluster of coral in shades of pink, red, and orange. In the bottom right corner, there is a cluster of coral in shades of blue, teal, and pink. Small white circles representing bubbles are scattered throughout the upper half of the image.

\$6000+

 worth of prizes this year! 

Track 1 Prizes: Sustainable Innovation/ Environment

First Place

Sony Noise Canceling Wireless Headphones +
Office Tour/Lunch with Deere Leaders + Deere
Swag

Second Place

Polaroid Printer + 1 Pack of Instant
Film + Deere Swag

Track 2 Prizes: Make It Make Sense

First Place

Costway Ergonomic Office
Chair + Vankyo Mini Projector

Second Place

Acer Portable Monitor

Third Place

Amazon Echo Dot

Track 3 Prizes: Small Biz, Big Impact

First Place

Microsoft Prize Pack

Second Place

Insignia 32" TV

Third Place

HyperX Mechanical
Gaming Keyboard

Track 4: Seas the Design (No-Code)

First Place

5 fun & unique LEGO sets!

SparkHacks 2025

The poster features a beach-themed background with palm trees, a beach ball, seashells, and a lifeguard stand. The sky is yellow with clouds and birds. The SparkHacks logo is at the top left, and the title 'Day 1 Schedule' is in large blue letters. The date 'Friday, February 7th, 2025' is in red. The schedule is presented in a yellow-bordered box with alternating light and dark yellow rows. Each row contains a time slot, location, and activity description.

SH Day 1 Schedule

Friday, February 7th, 2025

5:00 - 6:30 pm ARC 1ST FLOOR (LOUNGE AREA)	Check-In & Snacks Bring your ID, computer, and yourself! Enjoy some yummy snacks while waiting for our ceremony to begin. An acceptance is required to enter.
5:00 - 6:30 pm ARC 137	Team Building Find a team to create a cool project with while having a yummy snack.
5:00 - 7:30 pm ARC 1ST FLOOR (LOUNGE AREA)	Network w / SparkHacks Sponsors Chat with our sponsors about their opportunities! Fulcrum GT may or may not have on-the-spot interviews...
6:00 - 6:30 pm ARC 137 & 241	Opening Ceremony Allow us to welcome you to SparkHacks, learn about our project tracks, and hear from our sponsors.
6:30 - 7:15 pm ARC 241	John Deere Workshop: Creating Your Own AI Agent Using Python and OpenAI Harness the power of AI to build your very own AI agent with John Deere!
7:30 - 8:15 pm ARC 241	Fulcrum GT Workshop: React Query Level up your React app with Tanstack Query—learn to fetch, cache, and update data effortlessly in this workshop!
8:15 - 9:00 pm ARC 1ST FLOOR (LOUNGE AREA)	Dinner Fuel your brain for a bit with pizza!
8:30 - 9:30 pm ARC 241	Hydro Dash: Mario Kart with SparkHacks! Think you're a gamer? Come play Mario Kart with us and have Insomnia Cookies!

Day 1

SparkHacks 2025

Day 2 Schedule

Saturday, February 8th, 2025

9:00 - 10:30 am ARC 1ST FLOOR (LOUNGE AREA)	<u>Check-In & Breakfast</u> Check-in on day 2 is required for all hackers! SparkHacks merch is 1st come 1st serve. Tous Les Jours pastries will be served.
11:00 am - 12:00 pm ARC 241	<u>De-stress With Grainger: Gimkit Trivia!</u> Looking for a brain test? Play some trivia with Grainger!
2:00 pm DEV POST & FORM	<u>DevPost Drafts + Group Form Due!!</u> Create a Devpost submission draft and fill out our group member form.
2:00 - 3:00 pm ARC 1ST FLOOR (LOUNGE AREA)	<u>Lunch</u> Eating submarines? Nah, eat Fontano's subs with us!
6:30 pm DEVPOST	<u>Hacking Over!!</u> Submit your project through Devpost by 6:30 pm.
6:35 - 7:00 pm ARC 137	<u>Raffle With Fulcrum!</u> Let's see who's lucky with Fulcrum!
7:00 - 7:50 pm ARC 241 & ARC 242	<u>Project Expo</u> Get ready to present your creation! It's time to show our judges your project is the coolest.
8:00 - 9:15 pm ARC 137	<u>Closing Ceremony</u> So, who won...?
9:15 pm ARC 1ST FLOOR (LOUNGE AREA)	<u>Dinner + Meet the Team!</u> What a long 24 hours, let's get some tacos!!

Day 2

Housekeeping & Reminders

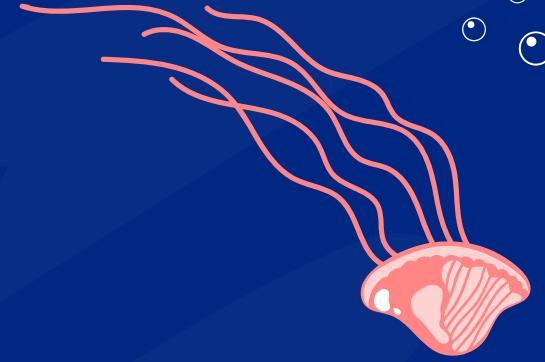

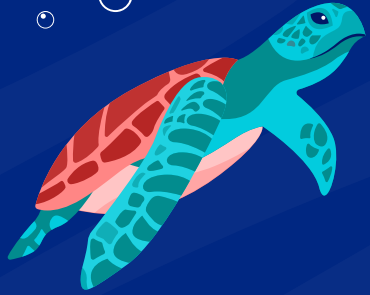

**No food inside
ARC rooms!**

Drinks are fine!

**Work Areas: ARC 137, 240, 241 &
study rooms on the 2nd floor**

Dive Into Innovation!

Let the Hackathon Begin!
